I should like to see this before sanctioning this large estimate, as I doubt whether it is worth repairing the very large prākāra which will be unused in that small village for most of the time. I see it noted in the Dewan's note that this is one of the needs to be supplied. I am interested to not sure if this matter has been considered in this aspect. Please submit to the Dewan.

Sir,

With reference to your letter No. R/ MIS. - 3 dated the 30th June 1926, I have the honour to inform you that the scheme for improving the surroundings of the Bhagat Mahasabha Chamble at Melkote, it is learnt that an estimate amounting to Rs. 7, for improvements to Prakaram of the temple which was countersigned by the Revenue Sub-Division Officer, was duly forwarded to the Deputy Commissioner in July last.

2. The delay in the disposal of the project seems to be due to the original estimate amounting to Rs. 1,[illegible] submitted by the Revenue Department in 19-1, for repairing the roof of the Mantapam and converting a portion into a set of rooms, having had to be modified on account of the petitions frequently received from the ryots. The nature of the work to be carried out has not also been definitely settled.
